

LE CURLER EFFORTLESS HOW-TO

STEP 1 Use the eyelash curler before applying mascara primer or mascara to prevent damage to the lashes. Open the eyelash curler by spreading the handles of the curler.

STEP 2 Carefully position curler along the base of upper lash line. Gently rest lashes between curler and the silicone pad.

STEP 3 Gently apply pressure to the lashes and hold in place for 3-5 seconds, being careful not to tug skin. Avoid adding excessive pressure as this may cause to lashes.

STEP 4 Repeat process up to 3 times, curling lashes upward and outward starting from the base and working toward the ends of lashes. For more curl, repeat these steps until desired curl is achieved.
